

MS[®] Customized RO Water Purifier

— Smart Wi-Fi RO Water Purifier

Introduction

Membrane Solutions supplies professional customized water filtration solutions for you and provides safe and healthy drinking water by the leading technology. The new types of smart Wi-Fi RO water purifier use advanced reverse osmosis technology which can remove harmful microorganism, heavy metal, chlorine and other soluble salt effectively. Microcomputer system with Wi-Fi module can connect the water purifier to your phone via a network, so that you can monitor the operation and water quality anytime and anywhere.

5-stage Reverse Osmosis Filtration System

Smart Wi-Fi Function

Real-time water quality monitoring

Reminder of filter service life

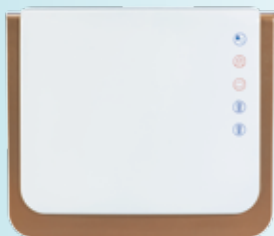

Reminder of water consumption

Boosted temperature monitoring

Features

Type: RPWROQ75CD

- > Quick-connect filters
- > Unique ergonomic design
- > Reminder of filter replacement
- > Completely closed design can be wall mounted or under the counter mounted
- > Smart system with Wi-Fi module for remote monitoring

Type: RPWROB400CD

- > High flow of 400 GPD without a pressure tank
- > Quick-connect bayonet style filters for good sealing and easier replacement
- > Rotate 90° and replace filter in 3 seconds
- > Reminder of filter replacement
- > Smart system with Wi-Fi module for remote monitoring

MS[®] Customized RO Water Purifier

— Smart Wi-Fi RO Water Purifier

Specifications

Type	RPWROQ75CD	RPWROB400CD
Productivity	75 GPD	400 GPD
Capacity	1500 L	2000 L
Raw Water	Tap Water, TDS≤500 ppm	Tap Water, TDS≤500 ppm
Rated Voltage/Power	24 V/30 W	24 V/30 W
Temperature	5-40 °C	5-40 °C
Inlet Pressure	0.1-0.4 MPa	0.1-0.4 MPa
Tank Capacity	3.2 G	/
Size	480*150*400 mm	Φ295*450 mm

Applications

Pure & Healthy

Fresh & Tasty

Care & Beauty

Savory & Nutritious

Clean & Safe
